Careers Wales

Darllen yn Gymraeg >

Dear colleagues,

We are delighted to inform you that the latest Careers Wales spring newsletters are now available for parents and carers. These termly newsletters are carefully crafted to help families support their children as they make important and informed career decisions. Each edition provides up-to-date news, guidance, and information tailored to the relevant age group.

We would appreciate your support in distributing our accompanying **letter**, which contains direct links to the newsletters, to all parents and carers within your school network. Your support is invaluable in ensuring that families have access to these resources.

Thank you for your cooperation.

Kind regards,

Amie Field
